

# THE TURF.

Reports that Corrigan Is Interested in the Staten Island Track.

## J.P. PATRICK'S BIG OFFER.

### Suggestions to the Stewards--- Nirplant's Miraculous Escape.

The latest news in connection with the proposed new race course at South Beach, on Staten Island, is that Mr. Edward Corrigan, the Chicago turfman, is interested in the enterprise. Plans for the new course have been prepared, and the papers necessary to the process of incorporation will be presented at a meeting of the new scheme, believed to be in the hands of the new racing association. He points to the fact that the location of the new track will make it popular with New Yorkers. Race-gamblers can be transported direct to the track for 20 cents per round trip. Mr. Winick declares that the new association will race on Monmouth Park days. "The fact that we are racing within the law against Monmouth Park, which is running illegally," said Mr. Winick, "will appeal with much significance to the bookmakers and others who make their living by racing. With good horses and liberal purses and ready access to the track we have an excellent prospect of success." Besides Mr. Corrigan, there are associated with Mr. Winick, Harry C. Miner, the theatrical manager, and Mr. Seagriff, one of the wealthiest racing men in Canada.

Who will ride Major Domo in the suburban is a question that is agitating owner W. J. Spier and the racing public in general just at present. Lambie was engaged during the Brooklyn meeting, but his employer, W. C. Daly, refuses to allow him to pilot the horse. Lambie is paid outside of the expenses of Lambie's mount. This demand is made by Daly because he believes that Mr. Spier is responsible for the bidding up of count, who won a selling race for only a few days ago. Daly had to pay \$500 to keep his horse, and he proposes to make the owner of Major Domo pay back that sum and \$500 besides, as interest. Spier has telegraphed all over the West in vain for a jockey. It is to be hoped that he will secure a good boy in place of Lambie, so that he will not have to submit to the demands of that lad's employer.

The stewards of the New York Jockey Club might well employ a little of their spare time in asking Jimmy Lambie a few questions regarding his riding of Major Domo yesterday. Certainly the lad's riding looked very bad. In the last turning, when Lambie was in front of Lepanto, it looked very much as though young Lambie allowed his employer's horse to be second. It was palpably plain to every one on the stand, and it is a wonder that the stewards did not notice the ride. It was the worst case of the meeting.

Airplant's runaway yesterday was most thrilling. He got into the field and at a gallop speed towards the net and at the neck of the straight and regular course fences. The spectators watched with horror the crazed animal's mad dash. They knew there was no way for the horse to escape. When the horse dashed into the fence the crash of the splintered rails could be heard above the screams of the frightened women. It was a sight no one wants to see only once in a lifetime. Airplant was not hurt, strange to say.

Taral tried to steal the fifth race with Spaventa yesterday, but Morrell was too good and Fitz was wise away.

Fitzpatrick yesterday received a telegram from Chicago offering him the mount on V. Y. Tambien in the American Derby. He was offered \$1,000, win or lose, and an extra \$1,000 in case he landed the stakes. Fitz had also had offers to ride Huron, Carlsbad and Blitzen in the big stakes.

Portchester performed so miserably yesterday that his owner decided to turn him out for a while.

His Highness, who was named to start in the first race today, would have found a soft spot, had not the conditions of the race been changed when it was learned that he was to start. According to the original conditions he would have received an allowance of seven pounds. The management, however, caused to be recorded the use, "non-winners in 1892 to receive allowance," and this made His Highness carry too weight as well as getting decidedly the worst of it. His owners were justly indignant over the change. Things have come to a pretty pass when an association changes the conditions of its advertised programmes to give any horse the worst of the weight because they happen to learn that he is to start.

The Law and Order League of Monmouth County is preparing to wage war against the Monmouth Park Association.

The Brighton Beach Association will give a steepchase on their opening day, July 4. It was ladies' day at Morris Park yesterday. Lilies won five out of six races.

### ON BICYCLES TO BOSTON.

A Message That Left Park Row at 3 A. M. Will Reach the Hub To-Night.

A relay bicycle race to Boston against time was started from Park Row at 3 o'clock this morning.

The distance is divided into twenty-three relays, and the message, which left Park Row at 3 A. M., is to be delivered at the Boston Post-Office, according to the schedule, at 3.30 P. M. today.

Wester was reached at 3.25, two hours and five minutes ahead of time.

Phillips Students Meant to Fight.

EXETER, N. H., June 16.—Two students of Phillips Exeter Academy, Jackson Waldo Rhodes, of New York, and Joseph Feder, of Cincinnati, have been sent home by the Faculty. They had arranged a fight with two young men under the auspices of the Phillips Exeter Academy, and had challenged Rhodes to fight for an alleged insult.

Lolo Must Dance for Hoyt and Thomas.

Judge McAdams today decided that Lolo Fuller, the "serpentine" dancer, must dance exclusively for Hoyt and Thomas, of the Madison Square Theatre. The decision was rendered in the injunction suit brought by the managers on her contract.

## EMIL SCHWARTZ IS HAPPY

IN AN INTERVIEW HE TELLS A REPORTER THE REASON WHY.

It is because Doctors McCoy and Wildman have cured him of Catarrh, which bothered him so that he could not sleep.

Mr. Emil Schwartz lives at 120 East 7th street. He is in the drug business. In an interview with a reporter Mr. Schwartz said: "For four or five years I was bothered with catarrh. It was mostly in my throat, and the mucus dropped down in my throat, so that when I went to bed I was continually hacking and spitting, and I could not sleep at night, and I cannot say how much they could sleep either. They finally persuaded me to go to Doctors McCoy and Wildman, and I am glad how they did it. I had taken two or three kinds of patent medicines, and I have gargled my throat with salt and water, but these alleged remedies were no good. Well, I went to Doctors McCoy and Wildman, and I am happy that they have cured me, and now I can sleep freely and I am not troubled with that mucus dropping down in my throat, and I can sleep soundly now, too."

Doctors McCoy and Wildman make a specialty of the treatment of all chronic diseases, including catarrh. They furnish all medicines free, and their charges for treatment are so moderate that they are within the reach of all.
